

# Verdeo

A Sindicatum Sustainable Resources Company

## JOB DESCRIPTION

**Job Title:** Site Operations Manager

**Location:** Charleston, WV

### Company Overview:

Verdeo is the North American division of Sindicatum Sustainable Resources (SSR), a global clean energy company. We work side-by-side with industrial companies to identify, design, build, finance and operate projects that produce clean energy, use resources more efficiently, and reduce emissions. Verdeo has established operations in the mining, oil and gas, and municipal solid waste sectors. US operations are headquartered in Washington, DC with satellite offices in Texas, Colorado and West Virginia.

### Position Overview:

The Site Operations Manager is responsible for the day-to-day operations and maintenance of the Charleston Clean Energy landfill-gas-to-energy plant located at the City of Charleston landfill in Charleston, WV. General responsibilities include maintenance of two 1MW GE Jenbacher (J-320 landfill gas engines) and associated equipment (gas drier, blower skid, etc.) as well as maintenance of the gas collection system at the landfill. Specifically, the job requirements include:

### Job Activities:

- Performing daily and scheduled maintenance of all plant components
- Responding immediately (and on a 24/7 basis) to any engine outages to diagnose problem and restart engines
- Balancing the wellfield to maintain target gas flows and methane concentrations using a Landtech GEM 2000
- Keeping accurate and up-to-date records of all required maintenance and operations data
- Maintaining a safe and clean work environment at the plant at all times

### Desired Profile:

- Must be a self starter and have the ability to perform work without immediate supervision
- Strong mechanical background is required and knowledge of Jenbacher J-320 or Caterpillar 3500 series engines is highly desirable
- Willingness to meet specified plant performance and output goals
- Knowledge of Title V and NSPS regulatory requirements is preferable
